It was real good of the Chicago mob not to have any extra mobs during the President's visit.

Those Chicago Riot Managers certainly had their gall on tap when they dictated terms to President Roosevelt.

In December last FRANK W. GRAY, a passenger on the South Covington and Cincinnati Street Railway, slipped on a banana peel that had been thrown on the floor of the car. Of course he fell,—who could step on a banana peel and not fall,—and in measuring his length on the floor he hit his arm against a seat \$15,000 worth, as he claimed. The other day he accepted \$500 in full payment, \$495 of which probably went to the lawyer. It is now in order for the S. C. and C. S. R. to demand the prompt killing of the son-of-a-gun who threw that banana peel.

Wisconsin has made a strong bid for immigration. The Anti-Graft Bill recently passed by the Legislature has been signed by Governor LA FOLLETTE and no gratuities of any kind can be given to employees of any firm by outsiders without danger of arrest and fine. While the bill was aimed originally at the practice of paying commissions to employees of large stores or corporations whose influence went a great way in the purchase of goods, it is held that it applies as well to tip giving, and any one feeling a waiter is just as liable as a person giving an employee a present to have him recommend the goods of the giver.

MAJOR ESTES G. RATHBONE, on whose misfortunes Dr. LEONARD WOOD rode into a Major Generalship in the United States Army, is rapidly regaining his fortunes in the West. He is now at the head of the Nevada Trust Company. With the death of his staunch friend and defender, Senator HANNA, Major RATHBONE gave up his fight against the Wood crowd in the Senate, trusting to Time, the great arbiter of all things, to vindicate his name.

THAT the rancor of partisan bitterness is at last giving way to reason in Kentucky, is most forcibly evidenced in the following tribute to Judge A. M. J. COCHRAN of this city by that sterling Democratic paper, The Louisville Times—

"JUDGE COCHRAN—A PICTURE AND A CONTRAST.

"What the decision of Judge COCHRAN will be after hearing the argument on the application for the removal of the Powers case from the Scott Circuit Court to the United States District Court for Eastern Kentucky, is necessarily a matter of conjecture; but one thing is certain, his decision will be in accord with his ideas of justice and an impartial interpretation of the law.

"Few Federal appointments made in Kentucky have brought to the Bench or public office a man of greater ability, finer character, or truer conception of duty regardless of political, partisan or personal influences than has the appointment of Judge COCHRAN. In all trials at which he has presided he has been the Judge first, a party man afterward. Efforts to prejudice him against the accused on the ground that they were active Democrats have ended invariably in failure and deserved censure for their authors. Cases brought before him are assured of trial on their merits and a decision in accordance with the weight of testimony offered.

"Residents of the Western District for Kentucky may have some difficulty in recognizing this picture of a Federal Judge as true to life, but, fortunately, in the case of Judge COCHRAN there can be no question of the fidelity of the likeness."

Paul Jones, after lying for a century in a leaden casket full of alcohol, looks remarkably well. The mistake which many citizens of this state make is that of wearing their alcohol and lead on the inside.

A tornado at Snyder, Okla., destroyed 12 business houses, 40 residences, killed 75 people, seriously injured 50 and slightly injured 50.

One of the most frightful disasters in the history of the Pennsylvania Railroad occurred near Harrisburg at 1:38 yesterday morning. It was caused by a shifting engine which was going slowly when the Engineer of the Eastbound freight saw it coming on his track. He applied the airbrakes suddenly, which caused the middle of the freight train to buckle, shoving several of the cars onto the Westbound passenger track. A moment later the Cleveland and New York Express—with 169 passengers and a crew of 15—one of the fastest trains on the road, came along and dashed into the wrecked cars. The next instant the boiler of the passenger locomotive exploded. The wreck took fire and six minutes after the express struck the freight wreck, the flames reached a car filled with powder. There was a flash and deafening roar. The earth trembled as though some terrible seismic disturbance had occurred. All who were not killed and injured by the explosion fled from the awful scene. At least 25 were killed and over 100 badly injured, many of the former being burned to a crisp. The money loss will be \$300,000.
